

Introduction

Supporting life science companies worldwide, from idea to patient.

About QbD Group

| 01

#QbDream

From idea to patient:
fast, compliant,
with confidence.

QbD Group is your unique strategic partner in Life Sciences.

We accelerate the development of your innovation, securing fast access to patients.
We ensure confident growth through regulatory compliance and operational excellence.

Ambition 2028

By 2028, QbD Group aims to grow to **1,000 colleagues**, strengthening its position as the leading European Life Sciences partner.

Growth Strategy

Strengthen Home Markets

We continue expanding in our home countries (Belgium, The Netherlands, Spain, UK, Poland) ensuring stability, quality, and sustainable growth as the foundation of our success.

International Expansion

We scale globally by leveraging our three main solution areas: Product Development, Gateway to Europe, and Operational Excellence.

Expansion Through M&A

We accelerate geographic reach and capability growth through targeted M&A, enabling entry into new European countries.

Introducing QbD Group

Supporting companies worldwide in life science, from idea to patient.

At QbD Group, we empower the **life science industry** through **regulatory compliance** expertise, **clinical** services and **digital** solutions that tackle the most pressing challenges.

Our **global team** of +600 experts enhances your in-house capabilities, delivering **deep domain expertise** across medical devices, in vitro diagnostics, pharmaceutical and biotech industries.

With a strong **European** regulatory knowledge, presence and full life cycle support, we ensure your projects meet the highest standards **from idea to patient**.

+600 experts worldwide with a local understanding.

Specialist in guiding **Pharma, Medical Devices** and **IVDs**.

Large enough for **global challenges**, pragmatic enough for **tailored solutions**.

EU Regulatory expert, from compliance to market success.

COMPANY VALUES

Joy

Partnership

Extra mile

Getting things done

Anchoring our social commitment

By establishing the foundation, QbD Group aims to provide resources such as funds, time, skills and expertise for various local projects that **positively impact on society**. The foundation's statutes **establish 4 main goals**:

QbD GROUP
FOUNDATION

Advancing Science

By supporting scientific innovation and research that align with QbD Group's mission and expertise.

Protecting Nature

By reducing our carbon footprint and joining eco-friendly efforts like plogging and sustainability projects.

Supporting Health

By funding education, treatments, and therapies for individuals and families facing serious health challenges.

Tracking Impact

By actively monitoring our CSR & sustainability initiatives across all QbD Group divisions and regions.

Some of the initiatives we support

QbD Research Chair

GLIOBLASTOMA RESEARCH

Established in collaboration with KU Leuven, this initiative funds groundbreaking glioblastoma research, honoring a close friend of our CEO.

Haz feliz a un niño

SPREADING JOY

Annual holiday gift drive in Colombia, delivering gifts and joy to children in need, now with eco-friendly wrapping.

City Pirates

SUPPORTING YOUTH

Supporting 1,600 youth through football and mentorship. Donated laptops help kids with homework and digital access.

Red Cross

BLOOD DONATION

Organized by employees An, Luc, Joyce, and Julie, showing the power of collective action to help save lives.

The global growth of the QbD Group

What makes QbD Group unique?

Key differentiators shaped by our core JPEG values

Full life cycle support

Broad experience guiding clients from **idea to patient** as a full-service partner.

Supporting **1200+ start-ups, scale-ups, mid-sized companies, and industry leaders** in Life Sciences to build asset value.

Trusted expertise at scale

Deep specialization in pharmaceuticals, medical devices, and in vitro diagnostics recognized by competent authorities.

600+ international in-house professionals solving complex challenges in **quality and regulatory compliance, clinical services, and digitalization.**

Your gateway to the European market

Helping **Pharma and MedTech clients worldwide** access the European market.

In-depth European expertise in GxP, regulatory compliance, clinical evidence, importation, and life cycle management.

Tailored, cost-effective solutions

Fit-for-purpose, right-sourced solutions tailored to your unique needs.

Lean project setups and robust project management to efficiently deliver high-quality results.

Deliver on our promise

Hands-on mindset with a commitment to **solving problems and getting things done.**

Hitting timelines with high delivery standards, driven by ownership and going the extra mile.

Agile collaboration that works

Working as an **extension of your team with flexibility, responsiveness, and transparent communication.**

Working with joy to create **shared success** and build **long-term partnerships.**

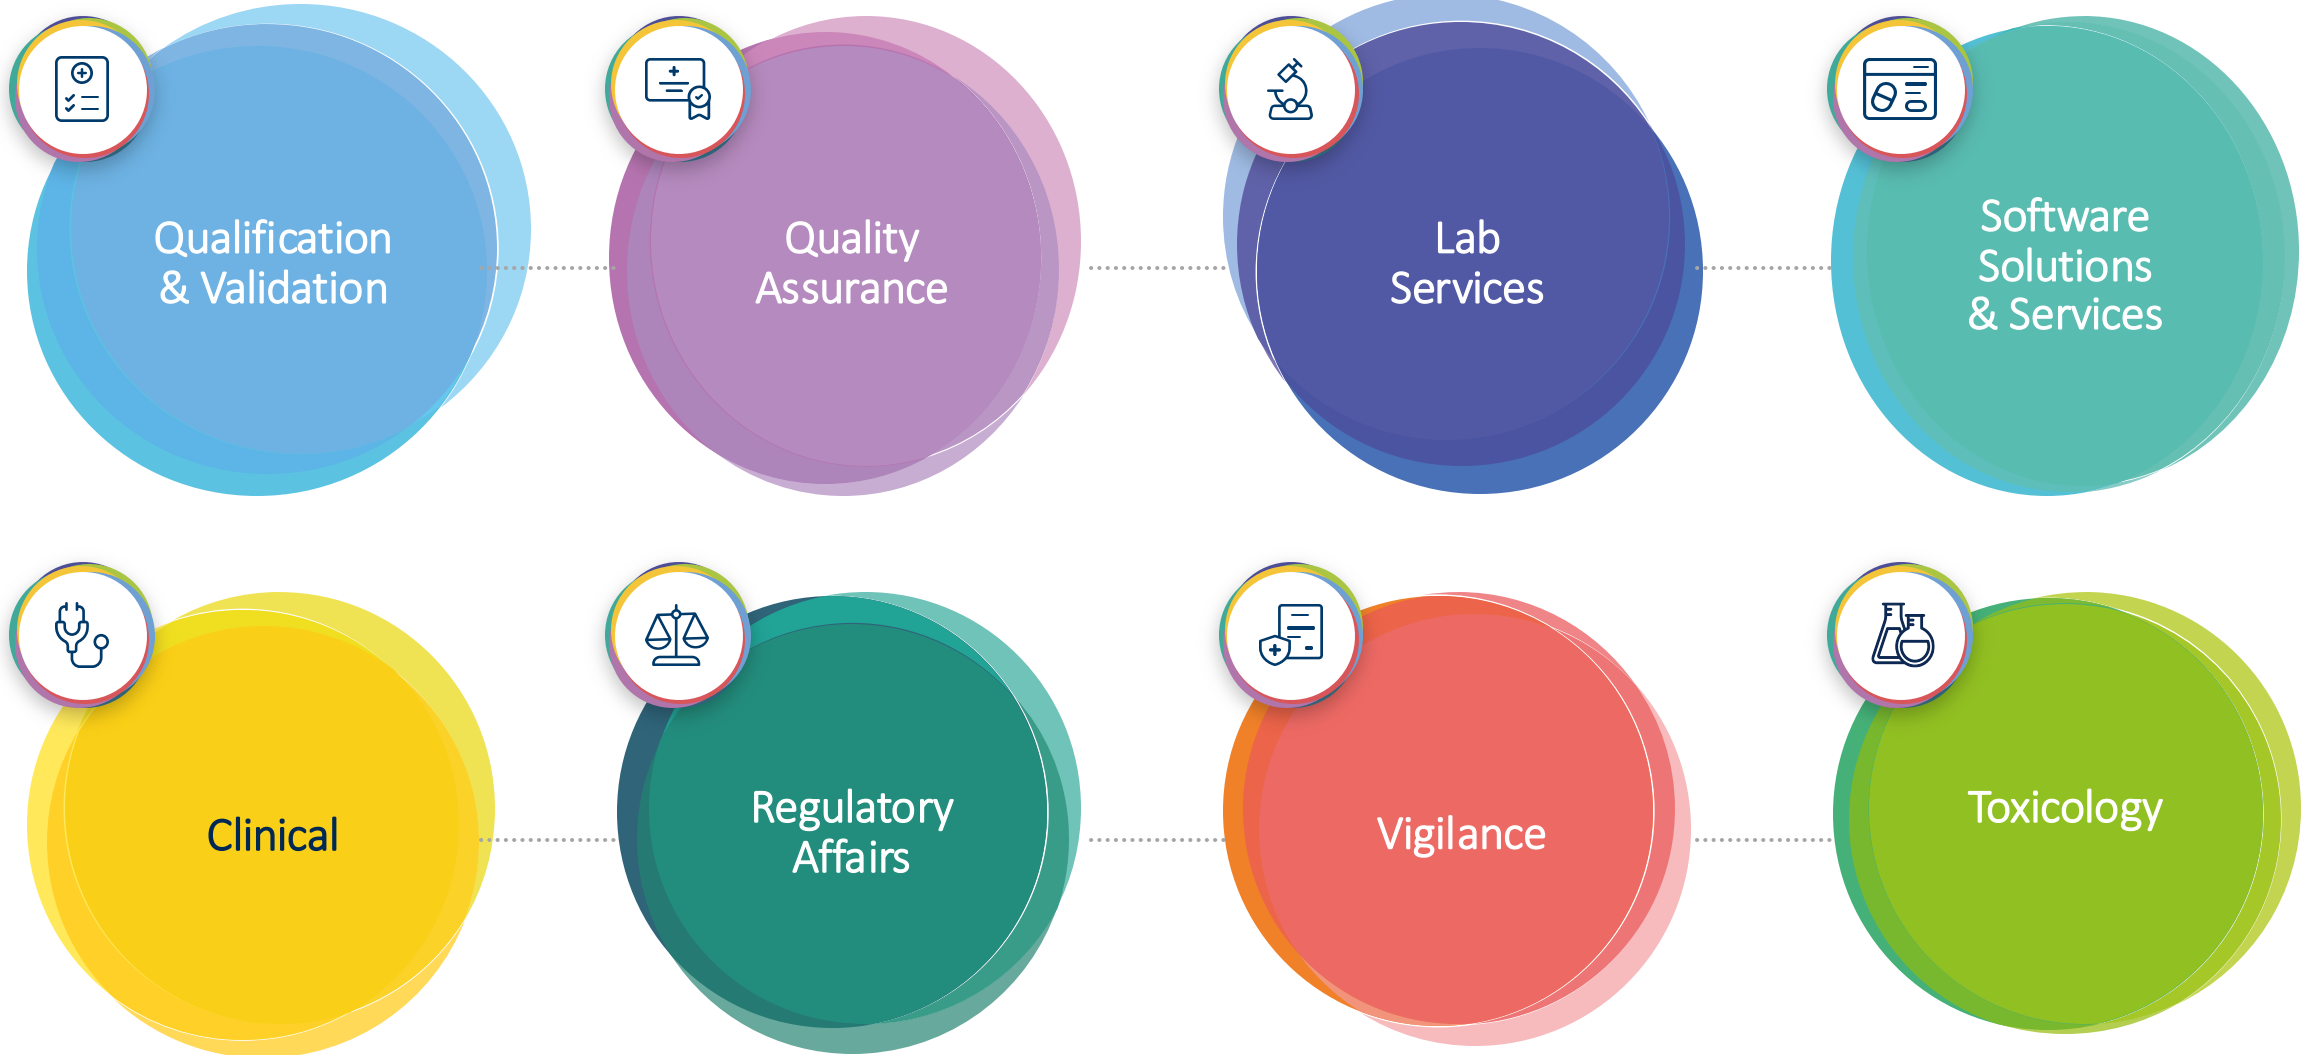

Range of expertise

| 02
